FIG. 2B

FIG. 2B is a schematic diagram of a user interface form. It consists of a rectangular frame containing the following elements:

- A rectangular box at the top labeled "TEXT".
- A dashed rectangular box below the "TEXT" box, containing two square input fields. The left field contains a solid black circle and is labeled "YES" below it. The right field is empty and is labeled "NO" below it. This dashed box is labeled **134B** on its right side.
- A label **134C** with a line pointing to the "YES" input field.
- A label **134A** with a line pointing to the "NO" input field.
- A rounded rectangular button at the bottom labeled "NEXT", with a label **134D** pointing to it.

FIG. 2C

FIG. 2C is a schematic diagram of a user interface form. It consists of a rectangular frame containing the following elements:

- A rectangular box at the top labeled "TEXT", with a label **138A** pointing to it.
- A dashed rectangular box below the "TEXT" box, containing two input fields. The top field is labeled "Row" to its left, and the bottom field is labeled "Column" to its left. This dashed box is labeled **138B** on its left side.
- A rectangular box to the right of the "Row" and "Column" fields, labeled "Current", with a label **138C** pointing to it.
- A rectangular box below the "Row" and "Column" fields, labeled "User ID", with a label **138E** pointing to it.
- A rounded rectangular button at the bottom labeled "NEXT", with a label **138D** pointing to it.
